

Dear IFSA members,

We are glad to become a part of International Freestyle Skaters Association and representers for our country Slovenia!

At the moment, there is only a few skaters in Slovenia doing freestyle, because it is not very well known here yet. We believe that our way of promoting will help, to spread this attractive sport here.

A part of our IFSA promotion, is going to be a brand new and the first roller skate web portal in Slovenia, where people could find lots of informations about skating here and all around the world, specially about freestyle!

We also founded a new association – Klub Rolermanija, specially for organising and developing attractive roller skate events in Slovenia.

Our expectations cooperating with IFSA are high, and we are sure, to meet some of you this year!

With all due respect,
Luka Mulej
President of Klub Rolermanija

6th February 2006, Slovenia
